## GIVE TODAY, FOR A *THRIVING* TOMORROW

Knowing that poverty is complex and its contributing factors vary, Community Action Partnership of Lancaster County has worked in recent years to develop innovative initiatives that are both person-centered and connected to augment our many long-standing and successful anti-poverty programs.

## People. Empowered.

CAP recognizes the inherent potential and strength within each individual we serve, and we provide a continuum of programming for individuals and families in the Lancaster community from birth to advanced age.

Our programming spans four impact areas, including Education, Health and Nutrition, Household Stability, and Safety & Empowerment, to reach more than 40,000 individuals living with low income every year in Lancaster County.

We meet individuals and families exactly where they are on their prosperity journey, and walk alongside them in meeting their essential daily needs and in moving

toward the thriving future they envision.

By giving to CAP's endowment, you are ensuring this important work continues in perpetuity through your legacy of generosity.

## MAGNIFY YOUR **IMPACT**. LEAVE A LEGACY.

Gifts to CAP make visible, meaningful, and enduring impacts on those experiencing the greatest needs in Lancaster County. In a world that is changing so rapidly, CAP has remained steadfast at the center of our community's needs for almost 60 years.

Throughout its history, CAP has served as a reliable organization committed to the elimination of generational poverty with programs that assist individuals and families in every stage and place of life. Led by innovative and visionary leaders, CAP connects with members of our community and directly addresses the complex and changing needs.

**As CAP envisions its sustainability and the opportunity to rise to a stronger position for future generations, we invite friends of CAP to extend their values, their investments, and their influence beyond the work of today with a gift to CAP's endowment fund.**

Donors can direct their endowment gifts to support the overall work of CAP OR you may choose to direct your gift to Domestic Violence Services' fund. Whichever you choose, your gift ensures this important community work continues to impact future generations of Lancasterians.

This endowment fund will ensure a long-term success plan for CAP and its programs, equipping our organization with stable revenue sources in perpetuity.

### **CAP's Journey to Sustainability:**

CAP maintains a strong and established financial position while constantly improving and discovering new ways of providing economic mobility to those we serve.

Last year alone, CAP served over **42,000 individuals** while actively maintain-ing 57 grants ranging from \$2,500 to \$8.2 million. As CAP now looks toward the future, we do so alongside the Lancaster County Community Foundation to elevate sustainable, responsible, and impactful investing approaches into our endowment strategy.
